Sir

Grant for Drainage of the moats around the fort area at Periyapatna

I have the honor to state that a grant of Rs 3000 was sanctioned out of Town Improvement grants during the year 1939-40 Work to the extent of Rs 3476 was got done against an estimate of Rs 3432 sanctioned by this office, resulting in an excess of Rs 476 over the sanctioned grant Another sum of Rs 3000 was sanctioned out of Town Improvement grants during 1940-41 and the work of the second stage could not be taken up for execution on account of poor response from the contractors, until about December 1942 An estimate for Rs 2554/- for the second stage limited to the funds available was sanctioned by this office and work to the extent of Rs 1600 is reported by the Sanitary Engineer to have been executed In the meanvhile it was decided to revise the estimate so as to enable the 2nd stage work being completed in all respects and thus to permanently prevent the breeding of mosquitoes in the moat all round the town A revised estimate has therefore been prepared by the Sanitary Engineer for Rs 5,160/- Taking into account the money available, a sum of Rs 2602 is required for completing the work of the second stage amounting to Rs 5160/-, as per details noted below

	Grant Rs	Expenditure
Grant sanctioned in '40 No 16340-2/ 1.99-39-73 dated 16th January 1940 placed at the disposal of Sanitary Engineering by the Deputy Commissioner for filling in the moats	1000	936
Grant for 1939-40	3000	3476
Grant for 1940-41	3000	
Total Grant	7000	4412
Expenditure	4412	
Balance available for 2nd stage	2588	
Amount required further	2602	
Amount of estimate for 2nd stage	5160	

I therefore request you to be so good as to obtain and convey sanction of Government to the grant of a sum of Rs 2602/- out of the Town Improvement Grants for 1943-44 for drainage of the moats around the fort area at Periyapatna

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR OF PUBLIC HEALTH

Dear Sir, L.5210 9/18/11

I am desired to request you to arrange to forward immediately your returns on the several budget estimates of the municipalities in the Wayne District for the year 1943-44, as the same are required for reference in this office.

In this connection, I am to add that several letters have been issued from this office calling for the above copies but no reply has so far been received in the matter.

Yours sincerely

To, The D.C. Wayne District (by Name)

Grant of 12½ per cent increase over the tendered rates of the contractor Maddad Hussain for the work of draining the moat around the Fort Area in Periyapatana Town, II Stage

SIR,

I have the honour to state that when tenders for the above work were called for, against the estimated amount of Rs 2780/- the lowest quotation received was for Rs 4376/- A modified estimate for Rs2554/- limting it to the funds available, and as per lowest tender rate was therefore got prepared and sanctioned by this office The work was also entrusted to Mr Maddad Hussain the lowest tenderer, in this office Memo No C 97-15 dated 30th March 1943

The Contractor to whom the work was entrusted now represents that he quoted for the work in November 1942 and that it was accepted only in March and he could not commence work earlier He represents the loss entailed on account of scarcity of labour due to epidemics etc , and requests for an enhancement of 15% of rates

The Sanitary Engineer in his letter No 1262 dated 23rd ay 1944 recommends the grant of 12½% increase in rates in consideration of the fact that the contractor has secured good progress of work under adverse circumstances He further states that the revised estimate for Rs 5,160/- provides for the 12½% increase in rates Copies of Sanitary Engineer's letter and its enclosures are attached herewith for the information of Government

Government have been pleased to sanction in their Order No I 9385-7/Ml 73-43-9 dated 8th March 1944 a Government grant of Rs 2,602/- out of Town Improvement Grants for 1943-44 to meet the amount of the revised estimate for Rs 5,160/-

I request you to be so good as to obtain and convey sanction of Government to the enhancement of the tendered rates of the

The request of the contractor is reasonable but there is only a provision of 12½% made in the modified estimate exclusively to meet this increased demand Therefore the application which is enclosed in original may be kindly considered and enhancement upto 12½% may be sanctioned

Letter No 1262 dated 26rd May 1944 from the Sanitary Engineer Bureau of Sanitary Engineering, Bangalore, to the Director of Publi Health in Mysore, Bangalore

Re Application of Mr Madad Hussain for the work of draining the moat around Fort area in Periapatna Town to prevent breeding of mosquitoes - II Stage

I have the honour to state that consequent to the failure of Mr V Vasudeva Rao, the original accepted tender contractor, for the above work, q otations were called for afresh and Mr Madad Hussain along with others quoted for this work in November 1942 and his quotation was accepted in March 1943 Vide your Memo No C 97-15 dated 30th March 1943 The work is fairly in progress

The Contractor on 2nd November 1943 has submittedan applicatio claiming 15% enhanced rate over his accepted quotation rates for reasons stated in his application herewith enclosed Though he quo November 1942 his quotation was accepted only in March 1943 after some correspondence between your office and this office and so he could not commence the work earlier than May 1943 Besides the work spot is quite remote and a place inflicted with malaria Labou being scarce it has to be imported from outside at high cost, frequently as one set of labour imported cannot continue long due to malaria In the revised estimate sanctioned in Government Order No I 9385-7/Ml. 73-43-9 dated 8 3 1944 communicated in your Memo No C 97-35/41-42 dated 11 3 1944, the provision of 12½% has been made to meet the increased rates in labour The Superintendent, Vani Vilas Water Works, also recommends the grant of 12½% increase over the accepted quotation rates Vide his letter No 883 dated 31 1 1944

Under the circumstances and in view of the fact that the contractor has secured good progress of work under quite adverse circumstances and since there is also provision made on this account, I recommend that he may be sanctioned an increase of 12½% in rates over his accepted quotation rates

Re Petition of Mr M Madad Hussain, Contractor Periapatna requesting sanction of enhancement of rates by 15% for works relating to draining the moats around Fort area in Periapatna Town

---

With reference to the above, I have the honour to report that the work was entrusted to the contractor as per his rates in the month of November 1942 and he was permitted to start the same in the month of May 1943 after taking sanction to the higher quotation rates The original work amounting to Rs 2,558/- was further revised to Rs 5,160/- submitted in this office No 1971 dated 16 6 1943 and the entire work has been entrusted to the Contractor The progress of work upto-date is Rs 2,890/- as per the latest bill The contractor is showing fairly good progress ever since the work is entrusted to him

The wages of labour and the cost of the iron tools etc., have all gone up Moreover, there is practically no labour available at Periapatna He has been getting labourers from out-side giving higher wages The contractor now feels that he cannot get on with the present rates ~~that~~ and that he requests an enhancement of rate upto 15%
